

1 **INT. MAX'S GARAGE - DAY** 1

MECH.MAX HAMMERS, WELDS and SPANNERS ROBOTS in her GARAGE.

1 MAX (V.O.) 1
 *I'm Mech.Max and I've built super
 intelligent, super strong security
 bots that make escaping Prison
 Island, impossible.*

Max stands proudly surrounded by figures. The BOTS EYES GLOW,
they come to life.

2 MAX 2
 Rise my bots, RISE!

CUT TO:

2 **EXT. PRISON ISLAND - NIGHT** 2

MECH.MAX and DUKE DETAIN stand on the shores of PRISON ISLAND
as the ROBOTS march into the prison. They addresses camera.

3 DUKE DETAIN 3
 Good job, Mech.Max. With these new
 security bots, Prison Island will
 be even more impossible to escape.

4 MAX 4
 You bet, Duke!

INSIDE THE PRISON: BOTS take up the places of guards; They
guard doors, search with the FLOODLIGHTS and DRINK COFFEE
while watching old movies instead of the CCTV.

5 DUKE DETAIN 5
 Now we're got all this new
 security, who's gonna test it out
 and try escaping?

Max stops grinning.

6 MAX 6
 Errrrr....<looks around> mmmmm
 yyy...you?

<SLAM> The prison door closes on MAX who's wearing an ORANGE
JUMPSUIT.

MAX (CONT'D)

7 You didn't think I'd be doing this 7
 on my did you? If I'm gonna escape,
 I'll need some help from the best.

WANDA ABOUT appears by her side, also wearing an orange jumpsuit.

WANDA

8 Survival rule #1- nothing is more 8
 important than friends helping
 buddies!

MAX

(to camera)

9 It's PRISON ESCAPE: ROBOT EDITION! 9

--TITLE SEQUENCE--

3 **INT. PRISON CELL BLOCK - NIGHT** 3

In the prison cell Max addresses camera.

MAX

10 Listen up, here's the escape plan. 10

Fun motion graphics show two simplistic figures succeeding at everything like in a little video game.

MAX (V.O.)

11 *First, we bust outta this cell. 11*
 Then, we smash up a bunch of my
 awesome security bots while looking
 cool. (sunglasses appear on MAX and
 WANDA) Then, to the abandoned mine
 shaft under the prison and ride the
 carts to safety!

Back in reality.

MAX

12 Right, first things first. 12

MAX rattles the DOOR BARS <CLANGLANGLANG>

MAX (CONT'D)

13 Locked! Well I'm fresh out of 13
 ideas.

WANDA

(sage like)

14 Survival Rule #2: use your 14
 surroundings.

The two have a cursory look around.

	MAX	
15	Hmm. I may be able to fashion some kind of primitive blow torch... from these handcuffs... this donut... and this blow torch.	15

CLANG- the bars fall away, MAX throws her invention aside.

	MAX (CONT'D)	
16	Let's go!	16

4	INT. PRISON HALLWAY - CONTINUOUS	4
---	---	---

MAX and WANDA run into the hall stop in their tracks when they hear a mechanical sound. Reveal the first BOT.

	BOT	
17	Stop! Return to your cell!	17

	MAX	
	(yay!)	
18	Bot 41692, you cutie pie.	18

The bot holds up its arms, suddenly its hands fire out like little rockets. MAX and WANDA dodge.

It steps forward menacingly. MAX and WANDA get into a fighting pose. MAX twirls the wrench like nun chucks.

	MAX (CONT'D)	
19	Step two. Smash up some robots (camera pushes in) while looking cool! RAAAAARGH!	19

MAX charges at the BOT to slam it in the head, but stops last second as if there's a forcefield. MAX and BOT look at each other. Beat.

	WANDA	
20	Max?! Just smash it in the face!	20

	MAX	
	(slow realisation)	
21	I - can't. I can't destroy something I've made. When I look at them all I see are the hours of work I spent bringing them to life. They're...part of me.	21

The BOT advances, its arms twirling rapidly at MAX.

22 MAX! WANDA 22

WANDA pushes MAX out of the way as the BOT lunges for her. The BOT stumbles into a cell. WANDA slams the door.

WANDA (CONT'D)

23 Survival rule #3: Never 23
underestimate your opponent!

SMASH! The BOT bursts through the cell wall.

WANDA/MAX
24 Ahhhhhhhhhhhhhhhhh! Go go go! 24

They run off before the BOT can follow them.

5 INT. PRISON HALLWAY - CONTINUOUS 5

Max and Wanda regroup, out of breath.

MAX

25 I think we lost it. 25

26 WANDA Max, we're not gonna escape if you can't clobber those bots. Rule #3- If something tries to rip your head off, IT'S NOT YOUR FRIEND. 26

MAX
27 I know, they're just so cool. Curse my talents! 27

They peek round a corner and spot two bots guarding a door.

WANDA
28 That's the exit. Let's smash 'em! 28

	MAX	
29	Wait! There has to be another way.	29

MAX spots two barrels.

TIME CUT.

The two barrels start sneaking past the bots. The BOTS watch them in total silence as the barrels wobble along.

30 BOT 1
Stop! (the barrels stop) Where are
you barrels going? 30

The BOTS raise their arms. They start to glow, ready to fire. MAX and WANDA speak in muffled barrel voices.

MAX

31 To the...er...to the circus. 31

32 WANDA Yeah... the... Barrel Circus. 32

Beat.

33 BOT 2 BARREL CIRCUS WAS LAST WEEK! STOP THEM! PEW PEW! 33

BOT 1 shoots the barrels off MAX and WANDA. BOT 2 slams a button on the wall. Alarms blare. MORE BOTS pour out of corridors, down from the ceiling and surround MAX and WANDA.

WANDA

34 Sorry Max. We tried it your way, 34
but I gotta go full Raccoon mode.

```

35             MAX
Raccoon mode?                                     35

```

36 WANDA Survival Rule #4. Channel your inner raccoon. We all have a raccoon within us, and it wants to eat garbage and smash things up. 36

Camera slowly pushes in on WANDA. She closes her eyes and concentrates. Actual JPEGs of STOCK PHOTO RACCOONS flash on the screen. The energy builds until - WANDA opens her eyes.

WANDA (CONT'D)
37 REEEEEEEEEEEEEEEEEEEEEEE! 37

WANDA does a cool CHOREOGRAPHED FIGHT SEQUENCE where she bounces and leaps from BOT to BOT, tearing off limbs and scattering parts everywhere. MAX closes her eyes.

The fight ends. MAX and WANDA surrounded by BOT parts.

MAX
Aw man! My bots!

39 WANDA
Let's go before more come! 39

The ground shakes. STOMP. STOMP. STOMP.

40 WANDA (CONT'D) 40
Why is the ground shaking?

41 MAX 41
(awe)
King Bot.

KING BOT appears, with its chainsaw arm.

42 KING BOT 42
(super low voice)
STOP, PRISONERS!

MAX can't help but smile. Wanda looks at her like she's nuts.

43 MAX 43
I'm sorry, okay, the chainsaw just
really tied the whole ensemble
together.

BOTS flood in. Two grab hold of WANDA. KING BOT approaches
WANDA, chainsaw revving.

44 WANDA 44
Max! Help!

BOTS slowly surround MAX. She looks at them like they're
super cute.

45 WANDA (CONT'D) 45
You have to destroy them!

46 MAX 46
I...I...

The chainsaw gets closer to WANDA. MAX see's her scared face.

47 WANDA (VO) 47
(memory) Survival rule #1- nothing
is more important than friends
helping buddies.

48 MAX 48
(sigh) Forgive me bots. I must go
full raccoon mode.

MAX closes her eyes and concentrates. PNGs of RACCOONS fade
in and out, building in speed and energy.

MUSIC kicks in. MAX opens her eyes.

49 MAX (CONT'D) 49
REEEEEEEEEEEEEEEEEEEE!

MAX performs a WELL ANIMATED and WELL CHOREOGRAPHED FIGHT SEQUENCE by punching and whacking bots with her wrench.

50 MAX (CONT'D)
 Sorry, Pardon! I really do hate 50
 doing this-

Using it like a boomerang, grabbing rocket hands from mid-air and using the exhaust like a flame-thrower. She saves WANDA just in time, pulling her close. BOTS circle them.

51 MAX (CONT'D)
 (to the bots)
 Survival rule #3: Never 51
 underestimate your opponent!

A BOT fires a rocket hand. MAX grabs it and uses it like a blow torch to cut a circle in the floor. They fall through.

6 **INT. MINE - CONTINUOUS** 6

They land in a mine cart.

52 WANDA
 The abandoned mine! 52

53 MAX
 Let's go! 53

They speed away. BOTS jump in the other carts and follow.

54 WANDA
 You did it, Max! You totally busted 54
 those bots!

55 MAX
 I know! And the guilt is only a 55
 tiny bit unbearable!

They speed down the tracks through an old mine shaft, chased by bots on interweaving tracks. PEW PEW PEW PEW - BOT hands firing at them. Ahead is the exit.

56 MAX (CONT'D)
 There's the exit! 56

BOOM. KING BOT lands on the tracks ahead of them, revving its chainsaw.

57 WANDA
 KING BOT! What are we gonna do?! 57

MAX spins her wrench like a pistol.

MAX
(smiling)
58 Survival Rule #2: use your 58
surroundings! You can't make an
omelette without breaking a few
HEADS! REEEEEEEEEEE!

WANDA and MAX fight BOTS as they leap at their cart, taking
parts from each of them.

BOTS
59 Stop! / Ow! / Prisoner! / 59
Yikes.exe!

They leap to other carts and tears off their arms. MAX breaks
and builds, clicking robot pieces onto the minecart. CLICK,
CLICK, CLICK.

Max activates the rocket cart and aims it at KING DESTRUCTO-
BOT. A single tear falls down her cheek..

MAX
60 Goodnight, KING BOT...my beauty. 60

KING BOT
61 STOP, PRISONER! 61

As a last ditch effort KING BOT launches its rocket chainsaw
hand- Max flies the cart around it and-BOOF! The cart pierces
straight through KING BOTS chest.

7 **EXT. PRISON ISLAND BEACH - MOMENTS LATER** 7

Max and Wanda's mine cart launches up out of a cave.

MAX/WANDA
62 Whooooooooaaaaaaa! 62

BAM- they land thud in the sand. Wanda is relieved.

MAX
63 We...WE DID IT! WE ESCAPED! 63

WANDA
64 Phew! I'm glad that's over. 64

MAX
65 Yeah...Now I can build security 65
bots 2.0!

Duke DeTain appears from nowhere.

	DUKE DETAIN	
66	But this time the bots fire handcuffs? Nono... <i>laser</i> handcuffs!	66
We pull out as Max and Duke riff ideas. Wanda face palms.		
	MAX	
67	YES! Laser handcuffs that explode! With Scorpions!	67
	DUKE DETAIN	
68	<i>Laser</i> scorpions!	68
